MEETING SPACES

At the centre is **Redwood Hall**, a large games hall with a huge log-burning fireplace and two heat pumps. The concrete floor can be carpeted for more comfortable conferences or large meetings.

Seating for approximately 250 people can be made available for this space.

Redwood Auditorium is a theatre-style meeting room with a small stage. There is upholstered seating available for 150 people. It's equipped with a data projector and piano. A sound system is available for hire.

There are also two **Small Meeting Rooms**.

One has couches and a TV on the wall; the other space has executive style seats around a boardroom table with a whiteboard on the wall, along with couches and comfortable chairs also.

DINING ROOM

Redwood Dining Room can cater for up to 280 people in one sitting. We can also convert Redwood Hall into a dining room for extra seating or to create a separate function room.

There is also a large deck through the door from the Dining Room. This has built in seating and is in a stunning setting amidst the trees, looking towards the pond.
